For this 99-year-old historic building, it can inspire a lot of inspiration. You can study why a building can last so long for half a century, what materials are used to make it, and what kind of cold and heat convection designs have been made. There are also color configurations and lighting combinations to save a lot of power. A boutique old street worth exploring slowly.

對於這個99年的古蹟建築，是可以激發很多靈感。你可以去研究
為什麼一個建築可以撐到半世紀這麼久，用什麼材質製作，做了哪些冷熱對流的設計
還有顏色的配置，以及採光的搭配，節省大量的電源。一個精品的老街，值得慢慢探索
